Report on the activity "Responsibilities of citizens: Swachh Bharat Abhiyan"

Dated: 25/01/2023

The Department of Civil Engineering at Baba Ghulam Shah Badshah University, under the guidance of Assistant Professor Shahid ul Islam, executed a noteworthy Swachh Bharat Abhiyan activity on 25/01/2023 that made a significant impact on campus cleanliness. Professor Islam, along with students from the department, led a series of well-organized initiatives aimed at promoting cleanliness, hygiene, and environmental consciousness. The activities included intensive cleanliness drives, where participants actively cleaned various areas of the university campus. In addition to physical cleaning, the department conducted awareness programs and workshops on waste management and sustainable practices, emphasizing the role of civil engineering in building a cleaner and greener future. The team, inspired by the Swachh Bharat mission, also implemented innovative solutions for waste segregation and disposal. The collective efforts of the Department of Civil Engineering, under the leadership of Assistant Professor Shahid ul Islam, not only contributed to the university's commitment to the Swachh Bharat Abhiyan but also instilled a sense of responsibility and environmental awareness among the students. This initiative reflects the department's dedication to societal well-being and the promotion of sustainable practices within the field of civil engineering.

**Report on the seminar "Awareness on Drug Abuse and Addiction"
Dated: 23/03/2023**

On 23/03/2023, a significant step towards combating the pervasive issue of drug abuse and addiction was taken through an awareness seminar program organized by the Civil Department of Engineering at Baba Ghulam Shah Badshah University at Lecture Hall 1, COET timing 11:30 am. Dr. Pervez Alam, HOD in the Department of Civil Engineering, presented the introductory speech. Then the key speaker Mr. Ameer Ullah Ganai Assistant Professor, Department of Civil Engineering BGSB University, Rajouri. The event aimed to shed light on the alarming rise of drug abuse, its consequences on individuals and communities, and ways to prevent and address this critical societal concern.

The Awareness Seminar Program on Drug Abuse and Addiction proved to be a vital initiative in addressing the pressing issue of substance abuse. By fostering understanding, empathy, and a commitment to collective action, the seminar contributed significantly to the ongoing efforts to create drug-free and healthy communities. The success of this program underscores the importance of continued education and community engagement in tackling the complex challenge of drug abuse and addiction.

Awareness Programme on Vigilance Week organized at Environmental Sciences, Centre for Biodiversity Studies, BGSB University

Environmental Sciences programme, Centre for Biodiversity Studies, School of Biosciences and Biotechnology BGSB University, Rajouri organized an awareness programme on the Vigilance Awareness Week on 1st November, 2022. The Central Vigilance Commission has decided that this year Vigilance Awareness Week would be observed from 31st October, 2022 to 06th November, 2022 with the theme **“Corruption free India for a developed Nation”**. The programme was organized to create awareness among the students about the ill effects of corruption.

Prof. Akbar Masood, Vice Chancellor, BGSBU in his message expressed that the Vigilance Awareness Week (VAW) is being celebrated every year and coincides with the birthday of Sardar Vallabhbhai Patel, known to be a man of high integrity. In pursuit of the vision of the Government of India to make a New India by the year 2022, which is the 75th anniversary of our independence, the Central Vigilance Commission, as the apex integrity institution of the country, endeavours to promote integrity, transparency and accountability in public life.

Dr. A. A. Shah, Associate Dean School of Biosciences and Biotechnology while addressing the staff and students of the School of Biosciences and Biotechnology said that Observance of Vigilance Awareness Week every year is part of the multi-pronged approach of the Commission where a key strategy is to encourage all stakeholders to collectively participate in the prevention of, and the fight against corruption and to raise public awareness regarding the existence, causes and gravity of and the threat posed by corruption.

Dr. Shreekar Pant, Coordinator, Centre for Biodiversity Studies, emphasized Corruption can be defined as dishonest or unethical conduct by a person entrusted with a position of authority, either to obtain benefit to oneself or to

**Environmental Sciences, CBS, BGSBU celebrated International Day for preservation of
Ozone layer**

International Day for preservation of Ozone layer was celebrated by Environmental Sciences, Centre for Biodiversity Studies, BGSB University, Rajouri. The theme of World Intellectual Property Day 2022 is "Global Cooperation Protecting Life on Earth". Prof Akbar Masood, Vice Chancellor, BGSBU in his message emphasized that the Day holds significance and is held on September 16th every year since December 1994, as the United Nations General Assembly designated September 16 International Day for the Preservation of the Ozone Layer, commemorating the date of the signing of the Montreal Protocol on Substances that Deplete the Ozone Layer, in 1987. Prof Akbar further stressed that the United Nations General Assembly designated September 16 International Day for the Preservation of the Ozone Layer, commemorating the date of the signing of the Montreal Protocol on Substances that Deplete the Ozone Layer, in 1987.

Dr. A. A. Shah, Associate Dean, School of Biosciences and Biotechnology while giving opening remarks expressed that the as the world celebrated the first International Day for the Preservation of the Ozone Layer on September 16th, 1995, it has been observed with a focus on creating awareness of the depleting condition of the Ozone layer.

Dr Shreekar Pant, Coordinator, CBS highlighted that this year theme of theme announced by the UN Environment Programme for International Day for the Preservation of the Ozone Layer 2022 is 'Global Cooperation Protecting Life on Earth.' The Montreal Protocol's impact is recognized with this theme and brings to notice the 'need to act in collaboration, forge partnerships and develop global cooperation to address climate challenges and protect life on earth for future generations.

A pledge to discourage use of Ozone depleting substances was taken by the students, scholars and faculty of Environmental Sciences, CBS on the occasion.

Report

Ethics soul of Research

The Department of Biotechnology organized webinar on topic “**Ethics Soul of Research**”. The ethics of scientific research is somewhat unique within professional ethics in the sense that good science requires the ethical practice of science. Research ethics is approached through a single course or a series of courses or seminars throughout the graduate curriculum; it has become obvious that students need exposure to ethics in a number of contexts. Webinar started with the lecture of Dean School of biosciences and biotechnology who laid emphases on Research ethics by saying that ethics can and must be taught in a formalized manner. It is our belief that courses in research ethics that incorporate a solid philosophical framework have the greatest potential for long-term usefulness to students. While other methodologies may reinforce this material, a course of the type described in this monograph has the potential to help a student develop the tools to see ethical problems from a new vantage point. It is in this context and for these reasons that we designed our course in research ethics. A total of 80 participants got registered in the webinar while as the faculty members of the department, scholars and students were also present during the virtual session.

BGSBU organizes one Day National Webinar on “Inculcating Managerial Skills in Engineering Graduates”

A national webinar on “Inculcating Managerial Skills in Engineering Graduates” was organized by the department of Electrical Engineering, School of Engineering and Technology, Baba Ghulam Shah Badshah University, Rajouri on 5th, December, 2022. Prof. Akbar Masood, Vice-Chancellor, Baba Ghulam Shah Badshah University applauded the department for organizing the webinar. Prof. Akbar Masood said successful engineering managers understand that they must take an integrated view of management in order to streamline operational activities, meet deliverables on time, and achieve organization goals.

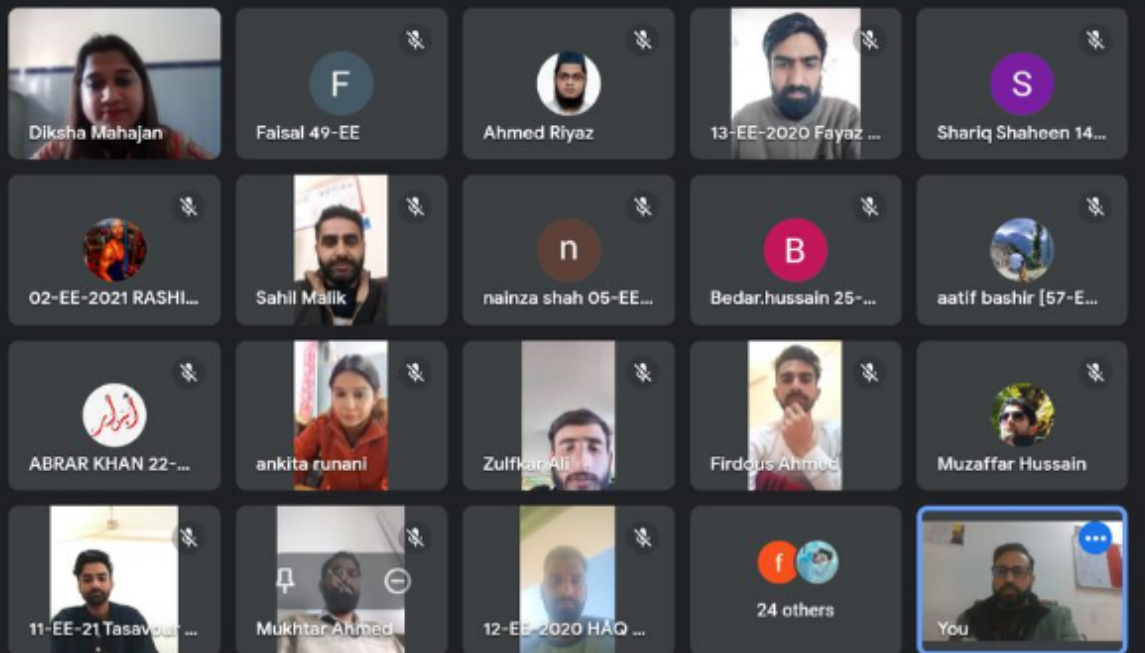

Prof. Iqbal Parwez, Dean Academic Affairs congratulated the department for organizing the event. He said that such events should be organized on regular basis to inculcate managerial skills among engineering students and faculty members.

Dean SoET, Prof Asif Husain appreciated the department for organizing this event. He said inculcating managerial skills will enhance your professional credentials and immediately make you more attractive to potential employers.

Head, Electrical Engineering Dr. Shafqat Mughal provided the welcome address and introduced the guest speaker. In his address he briefed that companies and organizations are invested in hiring engineers who can integrate technical expertise, savvy business acumen, and effective interpersonal communication skills

Mrs. Diksha Mahajan (Sr. Assistant Professor, MIET Jammu) was the resource person of this webinar. In her presentation she highlighted that even though engineers play a critical role in business success and business products, the language of engineering doesn't always translate well into the world of business without learning managerial skills.

Faculty members, and Students from within and outside the university actively participated in the event. At the end vote of thanks was presented by Ms. Ankita Runani (Assistant Professor, Dept. of Electrical).

With the motive to intensify awareness of the importance of nutrition for health during nutrition week, the NSS Unit of Baba Ghulam Shah Badshah University organised various events

nutritional awareness among the community.

Prof. Akbar Masood , Vice Chancellor, BGSBU said that good health is a state of complete physical, mental and social well-being. Prof. Akbar mentioned the importance of making informed food choices and developing sound eating and physical activity habits.

On the occasion, the NSS unit of the University distributed nutrition kits and hygiene kits among the students of two nearby Govt. Schools. On both occasions, students were informed about the value of nutritious food for their overall growth and development. Interactive sessions were organised with the teachers of the schools and community members regarding the need and importance of nutritious food for the school-going children. Tagline and slogan writing competitions were also organised in the University to educate students, faculty and staff regarding the need and importance of celebrating national nutrition week. Dr Parwez Abdullah, Programme Coordinator, NSS, coordinated the activities of the event.

Baba Ghulam Shah Badshah University celebrated National Unity Day with patriotic fervour. The event was held to mark the birth anniversary of Sardar Vallabhbhai Patel, the Iron Man of India.

On the occasion, Prof. Akbar Masood, Vice Chancellor of BGSB University paid rich tributes to Sardar Vallabhbhai Patel, who was instrumental in keeping India united. Prof. Akbar said that the observance of Rashtriya Ekta Diwas among a large number of students, faculty and staff of the University has provided an opportunity to reaffirm the inherent strength and resilience of our nation to stand united for the integrity and security of our country. The occasion commenced with the pledge-taking ceremony in various teaching and non-teaching departments of the University. The pledge-taking ceremony was followed by the 'Run for Unity' organised by the University. On the occasion, a digital exhibition was also organised to make students aware of the great works of Sardar Patel and the importance to maintain the nation's unity.

On the occasion Baba Ghulam Shah Badshah University employees besides other Offices / Departments viz Hon'ble Vice Chancellor's Secretariat, Registry, Examination and Finance Section took 'Rashtriya Ekta Diwas' pledge under the supervision of Mr. Mohd Ishaq, Registrar of the University.

BGSB University organizes Brainstorming Session on Environmental Conservation: A Spiritual Perspective

A Brainstorming session on Environmental Conservation: A spiritual perspective was jointly organized by Environmental Sciences, Centre for Biodiversity Studies and National Service Scheme (NSS), BGSB University.

Professor Akbar Masood, Vice Chancellor, BGSBU applauded the efforts of the Department and University NSS wing for taking leads in organizing such activities to raise awareness about the significant conservation issues related to environment.

Dr Parvez Abdullah, Coordinator, National Service Scheme presented the opening remarks and deliberated upon the need to strictly follow and implement the environmental ethics in our daily life.

Dr A. A. Shah, Associate Dean, School of Biosciences and Biotechnology in his address asserted that all religion and cultures have something to offer to conservation and environmental protection.

Dr Shreekar Pant, Coordinator, CBS in his address explained the concept behind organizing this brainstorming session is to provide a platform involving all stakeholders from different disciplines to highlight the importance of spiritual beliefs in solving today's environmental issues.

Dr Md Affan, Coordinator, Department of Arabic stressed the needs of such kinds of programmes in sensitizing the young minds towards following spiritual practices for the conservation of environment.

Dr Manmeet Singh, Assistant Professor, ITE, CoET, deliberated upon the essence of being spiritual and prioritizing conservation issues for solving environmental problems.

Dr Rafique Anjum, Coordinator, Centre for Research in Gojri, Pahari & Kashmiri Languages stressed on the needs of following think globally and act locally approach for solving environmental problems.

Dr Manzar Alam, Assistant Professor, Department of Arabic, urged the students to imbibe spiritual practices for sustainable future.

Mr Azhar Mehmood, student of M.Sc. Environmental Sciences, cited suitable examples from the life of Mahatma Gandhi and its relevance in today's life.

Dr Zaheer Abbas, Head, Department of Mathematical Sciences, in his concluding remarks summed up the true meaning of spirituality in relation to environmental conservation.

The event marked the presence of the faculty, scholars and students. Mr Sajid Abdullah, conducted the proceedings of the event while Dr. Mamta Bhat, Assistant Professor, presented the vote of thanks during the event.
