## Suggestions:

### Relevance of curriculum in your job:

The subjects which were taught during our course helped me a lot in Qualifying UGC-NET Exam & also helped me in finding my job that is (Lecturer) in department of higher education.

### Need any change in curriculum and syllabi?

Some new subjects regarding to computer sciences should be added in the syllabus like the data sciences etc, AI.

### Improvements in teaching and learning Process:

The learning & teaching process can be improved by using the latest technology like smart classes, online lectures etc.

### Any other suggestion

## Suggestions:

### Relevance of curriculum in your job:

The subjects taught here were very relevant which helped me to crack the NET and GATE examination that finally lead to in cracking the interview in JKL HED.

### Need any change in curriculum and syllabi?

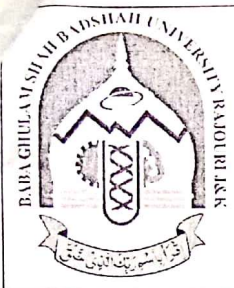

The syllabus should focus on current trends and technologies which are relevant in the market.

### Improvements in teaching and learning Process:

The teaching process was quite nice so no improvements needed.

Any other suggestion No

## Suggestions:

Relevance of curriculum in your job:

I am satisfied with the content of the curriculum and syllabi in general. For my profile it suits well.

Need any change in curriculum and syllabi?

The curriculum and syllabi is good. However, in recent years a huge degrade has been observed in the content of the syllabi. Also more practical oriented course scheme needs to be implemented.

Improvements in teaching and learning Process:

Teaching is a always enhancing skill, but we here at BGSBU tend to stick to older methods. New methods of teaching are the need of hour for this University with more IT support.

Any other suggestion Doubt classes should be arranged once every week to help students to clear any doubts.
