

Computer Science and Engineering Department, BGBSBU has organized a free 1 day seminar on Importance of IPR for startups on January 01, 2014. The seminar was conducted by Dr. Mohammed Asger, Dean, Computer Science, BGSBU. The main objective of this seminar was to increase the awareness of patent filing and its various aspects like how to search, draft including filing and prosecution procedure etc. Huge response for it has been received and more than 9 participants have registered for the workshop.

Mohammad Asger addressed the participants and highlighted the need for looking at the problems existing within the local eco-system differently, thinking out of box which in turn leads to innovation. He deliberated day long on varied aspects of Intellectual Property Rights.

The purpose of the committee is to promote IPR in university and facilitation and management of Intellectual property in the university.
