Teachers' Day: Teacher as a Nation Builder
(September 5th, 2013)
Report

Keeping in view the importance of a teacher in nation building, on September 05, 2013, an event with the theme "Teacher as a Nation Builder", was organized in the Department of Mathematical Sciences, BGSBU Rajouri. The programme began with an address by the Head of the Department, in which he threw some light on the role of a teacher in the development of an individual, in particular, and nation in general. He further said, a good teacher can transform a spark in to a flame. He added that a good teacher not only provides routine knowledge to the students but also teaches them "how to think correctly" by his mentorship. Afterwards, some students such as Vasudha, Rahilla, Sharuti, Jahan Ara etc, and some teachers such as Javid Iqbal, Mrs. Sharuti also presented their views on the theme and acknowledged the role of a teacher in the development of a nation. They unanimously said that teaching is the most noble job and took pledge of respecting teachers and treating them at least as good as their parents. About 15 students presented their views in the event. At the end, in the valedictory function the students were given gifts as a source of encouragement.

National Pollution Control day
(December 02, 2013)
Brief Report

The National Pollution Control Day was observed on 2 December 2013 at BGSB University with an aim to make aware the students about the need of Pollution Control Acts. One day seminar was organized in the Centre for Biodiversity Studies to give honour to thousands of human beings who lost their lives in 1984 due to the Bhopal gas tragedy and who were left severely affected due to leakage of poisonous gas from Union Carbide plant in Bhopal. 35 students participated in the event

The participating students expressed their concern for prevention of pollution. The programme witnessed the participation of Faculty and research scholars. Dr Susheel Verma, highlighted the role of Union Government for chalking out various laws, rules and acts for the prevention and control of pollution.

Quit Smoking
(February 10, 2014)
Report

On February 10, 2014, an awareness programme on the topic "Quit Smoking" was organized by the Department of Mathematical Sciences, BGSBU Rajouri, in which about 55 students, research scholars and teaching and non – teaching staff members of the Department participated. The Purpose of the programme was to enlighten the gathering about the bad effects of smoking and methods (both spiritual and physical) of quitting it. The programme began with a welcome address by the Head of the Department, Dr. Zaheer Abbas, in which he discussed in detail the bad impact that smoking does on a person, in particular, and society in general. He said a smoker not only brings tension and frustration to himself but also to his family. He also said that all religions stops us from smoking. Later, in the programme, some students such as Mohd Qasim, Ateq ur Rehman, Vasudha, Rahilla, Aftab Ahmed etc, and some teachers such as Javid Iqbal, Mrs. Sharuti, of the department performed activities (oral / skit) in connection with the theme. During their presentations, they highlighted the diseases caused by smoking in detail. Some students also presented methods of quitting it. At the end of the programme, in the valedictory function, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme.

National Science Day
(February 28, 2014) Brief
Report

National Science Day was celebrated in the Centre for Biodiversity Studies to widely spread a message about the Importance of science used in the daily life of the people. The event is celebrated to discuss all the issues and implement new technologies for the development in the field of science.

To encourage the students and research scholars, Dr.Susheel Verma stressed on the popularization of the Science and Technology. In the Department a debate, competition was organized in which the students appreciated all the activities, efforts and achievements in the field of science for human welfare.42 students and research scholars participated in the event.

Earth day (April 22, 2014)
Brief Report

Earth day was celebrated in the Centre for Biodiversity Studies, BGSB University, Rajouri, in which the staff, research scholars, students of master's programme of the Department and Dean, School of Biosciences and Biotechnology of the BGSB University participated. CBS organized a cleanliness drive in the Campus in which the students participated. During the occasion Prof. G. H. Dar, deliberated upon the importance of water and also emphasized the need for its conservation and ways to improve the water resources of the region. Vice Chancellor BGSBU in his message emphasized upon the significance of such sensitization.

International Day for Biological Diversity
(May 22, 2014)
Brief Report

The theme of International Day for Biological Diversity for the year 2014 was Island Biodiversity. A power point presentation was delivered in the Centre for Biodiversity Studies, BGSB University, Rajouri by Dr Shreekar Pant. Speaking on the occasion, he emphasized that Biodiversity is the living fabric of our planet. He also stated that the human wellbeing in the present and in the future, and its rapid decline threatens nature and people alike. He also discussed the main global drivers of biodiversity loss namely climate change, invasive species, over-exploitation of natural resources, pollution and urbanization. To halt or reverse the decline of Biodiversity he suggested that it is vital to transform people's roles, actions and relationships with biodiversity. This can be done by the contribution of people in their efforts to halt biodiversity loss by understanding, appreciating, safeguarding and using biodiversity sustainably.

World environment day

(June 05, 2014)

Brief Report

World environment day was celebrated in the Centre for Biodiversity Studies, BGSB University, Rajouri, in which the staff, research scholars of the Department, Dean, School of Biosciences and Biotechnology and Principal Polytechnic college, BGSB University participated. This years' World Environment Day theme is "Raise your Voice, Not the Sea Level" is directed to sensitize the whole world regarding the impact of climate change on Small Islands in the Developing States. Realizing this fact that global warming due to accumulation of green house gases in the atmosphere as one of the contributors in the sea level rise, CBS made a sensitization drive to make people aware about the role of biodiversity in ascertaining this threat. In this connection an eco walk was organized in the Pir Panjal Biodiversity Park of the BGSB University.

Vice Chancellor BGSBU in his message emphasized upon the significance of such sensitization drives so that the message of saving biodiversity to reverse the trends of climate should reach every nook and corner of the region.

Teachers' Day
(September 05, 2014)
Report

Keeping the tradition of celebrating "Teachers' Day" alive, Department of mathematical Sciences, BGSBU Rajouri, celebrated "TEACHERS DAY", on September 05, 2014, with the theme "Role of a teacher in Society Development". As per the tradition, the programme began with an address by Head of the Department, in which he spread some light on the importance of a teacher in the development of the society. During his speech, HOD said that a real teacher is one who motivates students to learn and shows them the way of thinking about a particular subject. He further added, a teacher should be a friend, a guide and a mentor at the same time. He emphasized on the scarcity of good teachers in the society and motivated students to take teaching as a carrier. Later on some students such as Shayesta, Abid Hussain, Sakshi Sharma etc, and some teachers such as Javid Iqbal, Dr. Pawan Kumar, Mrs. Sharuti also spoke on the occasion. Students, in particular, appreciated that a teacher works selflessly for the betterment of individuals, in particular, and society in general. About 45 students, research scholars and staff members of the Department were present during the course of the event. At the end, some gifts were given to the speakers as a token of love.

Report on Gandhi Jayanti Celebration.

The department of English organized a students' seminar on "Need of Gandhian Ideology in Contemporary India" on 2nd Oct, 2014. The students presented their views positing the need of Gandhian ideologies for secular and modern India. Altaf Amin was adjudged as the best speaker followed by Syed Majaz Shah. Manvi Verma bagged the third prize. The head of the department Dr. Romina Rashid said that India's secular and plural structure has undergone tremendous change during the last two decades and communal hatred and violence is mushrooming here. It is the need of hour to implement Gandhain ideologies for non-violent and progressive India. The programme was coordinated by Dr. Shachi Sood.

Report on “Human Values and Ethics.”

A lecture on “Human Values and Ethics” was delivered by Prof. Nighat Basu, Head Department of Education, Baba Ghulam Shah Badshah University on 25th of November, 2014. Prof. Basu in her lecture stated that values and ethics are the principles, convictions and internal beliefs that people adopt and follow in their daily lives. The values are important as they help us to grow and develop in life and are important for the personal, professional and spiritual growth. She further said that it is very unfortunate that the present generation is drifting away from moral values and ethics and is inclined towards materialistic pursuits. It is therefore, need of present times that the young generation must cultivate habits of virtue, and ethics for a better tomorrow. The programme ended with vote of thanks by the head of the department Dr. Romina Rashid wherein, she thanked the resource person Prof. Nighat Basu and said that morals are the intrinsic beliefs developed from the value system of how we should behave in any given situation. Moral values are the standards of good and evil, which govern an individual’s life. The programme was coordinated by Dr. Shachi Sood and Ms. Mariya Aslam, faculty members of the department of English.

Quit Smoking
(February 09, 2015)
Report

Keeping in view the worst effects that smoking marks on an individual, in particular, and society in general, on February 9, 2015, an awareness programme on the topic "Quit Smoking" was organized by the Department of Mathematical Sciences, BGSBU Rajouri, in which about 100 students, research scholars and teaching and non – teaching staff members of the Department participated. Following the tradition, Head of the Department, Dr. Zaheer Abbas, welcome the gathering and spoke on the bad effects of smoking on an individual, in particular, and society in general. He highlighted that a person who smokes generally suffers from tension and frustration, which effects his / her health very badly and hence his family and society. He also said that all religions stop from smoking. Later in the programme, some students such as Shayesta, Imtiaz Ahmed, Rahilla Tabrez, etc, and some teachers such as Dr. Javid Iqbal, Mrs. Sharuti, also spoke on the theme, highlighted the diseases caused by smoking and explained the methods of quitting it. Young boys and girls also pledged that they would not indulge in this bad habit of smoking. During the valedictory function, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme.

Report on Celebration of Mother Language Day.

An International Mother Language Day was celebrated on 21st of February, 2015 in the department of English. The programme was observed to promote awareness of linguistic and cultural diversity and promote multilingualism. Speaking on the occasion, the head department of English stated that due to globalization the native languages are on the verge of extinction. If the languages fade, the world's rich tapestry of cultural diversity will also diminish. Languages are the most powerful instruments of preserving and developing our tangible and intangible heritage. The students also expressed their views on the preservation of native languages. A skit "Pindu Chala Vilait" was also performed by the students. It satirized the people forsaking their language and culture. The programme was coordinated by Dr. Shachi Sood and Ms. Mariya Aslam.

Go Green: Planting Trees for a Healthy Future
(March 05, 2015)
Report

On March 05, 2015, an awareness programme on the topic "Go Green: Planting Trees for a Healthy Future" was organised by the Department of Mathematical Sciences, BGSBU Rajouri, in which about 50 students, research scholars and teaching and non – teaching staff members of the Department participated. The main Purpose of the programme was to enlighten the gathering about the benefits of planting trees and encouraging the participants to plant trees for a better future. The programme began with a welcome address by the Head of the Department, Dr. Zaheer Abbas, in which he discussed the importance of such programmes. He discussed in detail the importance of plants in our lives and motivated the students to plant a tree at least once in a year. He also highlighted the spiritual education that plants offer us. During the programme some students such as Aasiya Ishaq, Shazia Hassan, Humera Andrabi, etc, and some teachers such as Dr. Javid Iqbal, Dr. Pawan Kumar, Mrs. Sharuti, of the department performed activities (oral / skit) connected with the theme of the programme and highlighted various benefits of existence of plants around us and took pledge for not to deforest. Later, in the day Mrs Sharuti Gupta (Lecturer) planted a plant in the campus. During the valedictory function, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme.

Every action counts (Environment Awareness Programme on 7th of April, 2015)

"Although individual decisions may seem small in the face of global threats and trends, when billions of people join forces in common purpose, we can make a tremendous difference."

The Department of English organized a visit to a location to spread the awareness of preserving environment among the students. The main objective was to get the students involved with the environment and to provide an opportunity for everyone to realize the responsibility to care for the Earth and to become agents of change. In lieu of this, students were inspired and motivated to plant more trees in and around their own surroundings contributing to a healthier and cleaner society which in turn will make a greener Earth. Dr. Romina Rashid, Head, Department of English while speaking on the occasion said that India is a country that serves as an example worldwide because it has one of the highest recycling rates in the world, and it is committed to being a leader in environmental issues. Therefore, it has a transcendental role in the fight against pollution. It ended with a pledge, in a small way at least, to do something for the environment.

Youth Awareness
(April 10th, 2015)

Report

Understanding the responsibility of putting the young boys and girls in right direction, Department of Mathematical Sciences, BGSBU Rajouri, organized an awareness programme under the heading "Youth Awareness" on April 10th, 2015 in which about 60 students, research scholars and staff members of the Department participated. The main focus of the programme was to make aware the students, in particular, and the audience in general, how to remain away from the social evils which usually attract young minds. As usual, the programme began with a welcome address by the Head of the Department, Dr. Zaheer Abbas, in which he discussed the briefly some measures which one always have to take up for not indulging in to bad habits. During the course of the programme the key speaker, Dr. Javaid Iqbal (Department of Mathematical Sciences), discussed at length various ill issues spread in the society and described measure of keeping one self's away from those. He said one of the key to remain away from these bad habits is to remember that God is always around and watching us constantly. At the during the valedictory function, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme.

Violence against Women and Children
(April 13, 2015)
Report

Keeping alive the culture of inculcating moral values in our students and making them aware of their rights, Department of Mathematical Sciences, BGSBU Rajouri, organized an awareness programme on April 13, 2015 on the topic "Violence against Women and Children", in which about 50 students, research scholars and teaching and non – teaching staff members of the Department participated in one way or the other. As the theme suggests, the main aim of organizing this programme was to make our students aware about the different kind of violence that can happen with women and children, on one hand, and to make them aware of their rights and the methods of dealing with such violence, on the other hand. The programme began with a welcome address by the Head of the Department, Dr. Zaheer Abbas, in which he discussed the importance of such programmes. He highlighted various violence against women and children and discussed the measures to counter them. He motivated the students, in particular the male one's, by highlighting various verses from Holy books, to respect women – whether she is you sister, mother, wife, daughter, daughter in law or in any relation to you. He further added that we all should take care of the children around us, counsel them, and should not use them as laboruer. Later on some students such as Tabinda,, Shazia Hassan, Humera etc, and some teachers such as Dr. Javid Iqbal, Dr. Pawan Kumar, Mrs. Sharuti, also spoke on the theme and presented skit etc. During the course of the programme, students, in particular male one's, took pledge of not doing violence against women and children, which was a very positive outcome of the event. At the end of the programme, during the valedictory function verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the program.

Report on World Book Day

The World Book Day was celebrated by the department of English on 23rd of April, 2015. The day is coincidentally also the birth day of one of the greatest dramatists and poets of English language William Shakespeare. Books are the repository of knowledge, harbingers of culture and civilization. The more we read them, the more we discover our ignorance. The head of the department Dr. Romina Rashid highlighted the importance of reading books as they acquaint us with the culture and history of other nations. Besides, being our best friends, they also improve our vocabulary; enhance our language skills by developing our fluency, thus allowing us to express our thoughts and ideas better. The teachers of the department distributed books among the students and emphasized on the need of inculcating the habit of reading books.

International Day for Biological Diversity
(May 22, 2015)
Brief Report

The theme of International Day for Biological Diversity for the year 2015 was ' Biodiversity for Sustainable Development. A power point presentation was delivered in the Centre for Biodiversity Studies, BGSB University, Rajouri by Dr Susheel Verma. The programme followed with a plantation drive in which the students, research scholars, faculty and non-teaching staff participated. Every one planted a sapling and pledged to take care of it. The programme was held according to the theme, "Biodiversity for sustainable development" in which everyone contributed. As the answer to a sustainable future lies not only in the tireless and dedicated work of scientists and on-the-ground conservationists across the globe, but also in the small initiatives made and actions taken by all sectors of the society.

World Environment Day

(June 05, 2015)

Brief Report

World Environment Day was celebrated in the Centre for Biodiversity Studies, BGSB University, Rajouri on 5/6/2015 in which the staff, research scholars of the Department, Dean, School of Biosciences and Biotechnology participated. Speaking on the event Prof G. H. Dar deliberated upon the importance of environment for the survival of all the living forms and its conservation as well. Followed by his informative message Dr. Shreekar Pant, Senior Assistant Professor, CBS explained the participants about the theme of this year. This year theme of world environment day is, "Seven Billion dreams. One planet. Consume with care" is about how the well-being of humanity, the environment and economics ultimately depends upon the responsible management of environmental resources. On this day, CBS fraternity organized a plantation drive to make the planet green for all kinds of life to sustain and thrive.

Vice Chancellor BGSBU, Prof. I. A. Hamal in his message emphasized upon the significance of such drives for disseminating the message on a massive scale for following the pro planet approach. Others who were present include Dr. Susheel Verma, Ms Mamta Bhat, Dr. Raja Amir, Ms Bharti Sharma and research scholars and students of the Department.

BGSB University Foundation Day Celebrated at CBS

(December, 15, 2015)

Brief Report

BGSB University celebrated its 12th Foundation Day on 14th and 15th of December 2015 with great fervor. In this connection the Centre for Biodiversity Studies (CBS) arranged various events spread over both these days in which the students, research scholars and teaching and non - teaching staff of the Centre participated very actively. These events included two symposia – one on “Science and Humanity” and other on “Women empowerment”, Quiz Competition, a theme based Poster Competition, Bioresources based Handicrafts Exhibition and a visit to Lead Botanic Garden as a nature trail exercise. The students of A to Z High School were also invited to participate in the INSPIRE Science Programme. A lecture was delivered by the Dean, School of Biosciences and Biotechnology, Professor G. H. Dar. He acquainted the students about the development and progress the University has made in such a short span of time. On this occasion Professor Javed Massarat, Honorable Vice Chancellor, delivered a lecture on “Nanotechnology to Nanotoxicology: A Paradigm Shift”. He deliberated upon the scope of Nanotechnology and need in times to come. Prizes were distributed among the academic toppers of all streams and also among the winners of various competitions by the Honorable Vice Chancellor, Dean, School of Biosciences and Biotechnology and Mr. Khurshid Bismil. The program was followed by cultural evening, in which PG students of Biotechnology, Botany and Zoology participated. The students presented various items depicting the composite culture of the Jammu and Kashmir state.

Quit Smoking
(February 06, 2016)
Report

On February 06, 2016, an awareness programme on the topic "Quit Smoking" was organized by the Department of Mathematical Sciences, BGSBU Rajouri, in which about 100 students, research scholars and teaching and non – teaching staff members of the Department participated. The Purpose of the programme was to enlighten the gathering about ill effects of smoking and methods (both spiritual and physical) of quitting it. The programme began with a welcome address by the Head of the Department, Dr. Zaheer Abbas, in which he discussed in detail the bad impact of smoking on a person, in particular, and society in general. He said a smoker not only brings tension and frustration to himself but also to his family. Later in the programme, some students such as Deepika, Maroof, Rozina Tabinda,, Shazia etc, and some teachers such as Dr. Javid Iqbal, Dr. Pawan Kumar, Mrs. Sharuti, of the department performed activities (oral / skit) connected with the theme and highlighted the diseases caused by smoking and the methods of quitting it. During the valedictory function, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme.

National Science Day

(February 28, 2016)

Brief Report

National Science Day was celebrated in the Department of Botany to widely spread a message about the Importance of science used in the daily life of the people. The event is celebrated to discuss all the issues and implement new technologies for the development in the field of science. To encourage the students and research scholars, Head Department of Botany, Dr Susheel Verma stressed on the popularization of the Science and Technology. The theme for the year 2016 is "Scientific Issues for Development of the Nation". In the Department a debate competition was organized in which the students appreciated all the activities, efforts and achievements in the field of science for human welfare.

Go Green: Planting Trees for a Healthy Future
(March 06, 2016)
Report

Keeping alive the tradition of putting under discussion the social issues, Department of Mathematical Sciences, BGSBU Rajouri, organized an awareness programme on the topic "Go Green: Planting Trees for a Healthy Future" on March 06, 2016. The focus of the programme was to highlight the huge importance of presence of more and more trees around us, in particular, and on the planet EARTH in general. Traditionally, the programme began with a welcome address by the Head of the Department, in which he congratulated those who took part in the event for discussing one of the most important issues faced at the moment. During his speech, he explored the import place that plants occupy in our lives and motivated the students to plant a tree at least once in a year. Further, he explained how we can be benefitted by the plants spiritually. During the course of the event, some students such as Shayesta, Mehnaza, Firdose Ahmed, and some teachers such as Dr.Javid, Dr. Pawan, of the department performed activities (oral / skit) connected with the theme of the programme and highlighted various advantageous that plants offer to us, both medically and spiritually. Later, in the day Dr. Javid Iqbal planted a plant in the campus near the department. During the valedictory function, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme. In the event about 80 students, research scholars and teaching and non – teaching staff members of the Department participated in one or the other way.

One Day campaign on Spreading Joy
(March 08, 2016)
Report

On March 08, 2016, a "One Day campaign on Spreading Joy" was organised by the Department of Mathematical Sciences, BGSBU Rajouri in which around 20 students, research scholars, teaching/ non-teaching staff members participated. The campaign began with an address by the Head of the Department, in which he enlightened the gathering about the need of such a campaign. He said it is the duty of each human being to share, with others, whatever good physical or spiritual values God bestows on a person. He further said when a person shares his/her values (spiritual/ physical) with others, the creator of the universe-God-becomes happy and gives more. Afterwards, a visit was made by the participants to homeless people on streets (near jhula-bridge, Rajouri) where gifts were distributed in order to make some difference. During the valedictory function verbal feedback was taken from the accompanying participants, taking into account different ideas and initiatives as suggested by them to imbibe the spirit of moral values in students, which was really encouraging and certified the success of the campaign.

Seminar on Communal Harmony and Development

March 15, 2016

Department of English organised a seminar on the topic "Communal Harmony and the Development." Students were made aware about the need of tolerance and communal harmony for attaining developmental goals. The program started with the recitation of the Holy Quran by Mohd Raiz. Ms. Mariya Aslam, Assistant Professor, in the department of English conducted the programme, welcoming the students and the faculty members she gave an over view of the programme. The head, department of English, Dr. Romina Rashid oriented students about peace and communal harmony. She reiterated the dire need of communal harmony for a developed and progressive India. The students of both the semesters participated in seminar and expressed their opinions on the given topic. The programme ended with the prize distribution to the winners. Mr. Tanvir Ahmad, presented the formal vote of thanks.

International Day of forests

(March 21, 2016)

Brief Report

The International Day of Forests was held on 21 March to raise awareness of the importance of forests to the students and scholars of the Department of Botany. This year the Day convened under the theme, 'Forests and Water: Sustain Life and Livelihoods' and is a joint celebration of the International Day of Forests and World Water Day. A nature walk was organized in the Department in which all the students, research scholars and the staff participated. During the walk awareness was also given to the students about the fact that International Day of Forests was observed for the first time on March 21, 2013. The International Day of Forests was established on the 21st day of March, by resolution of the United Nations General Assembly on November 28, 2012. The Secretariat of the United Nations Forum on Forests, in collaboration with the Food and Agriculture Organization, facilitates the implementation of such events in collaboration with governments, the Collaborative Partnership on Forests, and international, regional and subregional organizations.

Violence against Women and Children
(April 11, 2016)
Report

To keep our students on the right path morally, it is in the custom of Department of Mathematical Sciences, BGSBU Rajouri, to organize programmes which help in raising moral values in our students on one hand and making them aware of measures to manage violence against them on the other hand. In this connection, Department of Mathematical Sciences, BGSBU Rajouri, organized an awareness programme on April 11, 2016 on the theme "Violence against Women and Children", in which about 60 students, research scholars and teaching and non – teaching staff members of the Department took part in one or the other capacity. The programme began with the speech of Head of the Department in which he pointed out various violence against women and children and left for Dr. Romina Rashid to discuss the various measures of handling them. Later Romina Rashid also spoke and explained in detail various measures to handle various kind of violence against women and children. Dr. Romina Rashid educated the students to respect each human being, in particular women, by highlighting teachings of Holy books. She said that we should be very careful with respect to our own children, in particular, and others in general. She added that we should very closely watch the activities of our young kids and see if there is some thing wrong there. Later on some students such as Deepika, Riaz, Firdose, Mehak etc, and some teachers such as Dr. Javid Iqbal, Dr. Pawan Kumar, Mrs. Sharuti also spoke on the theme and presented their views. As per the tradition of last year, students, in particular male one's, took pledge of not doing violence against women and children, which was a very encouraging sign and guaranteed the success of our programme.

Youth Awareness
(April 18, 2016)
Report

To keep the minds of young boys and girls on a positive mode, Department of Mathematical Sciences, BGSBU Rajouri, use to organize programmes very often. In this direction, on April 18, 2016 an awareness programme was organized by the Department in order to educate and inculcate positive values to our young boys and girls. The programme commenced with a motivating welcome address by the Head of the Department, Dr. Zaheer Abbas, in which he discussed very briefly some measures to keep one self's on right track. He said, one should follow the principle – avoid problems and avail opportunities - . He added, one should try to remain calm in every situation because only a calm mind can do big things. Later, during the programme the key speaker, Dr. Javaid Iqbal (Department of Mathematical Sciences), discussed in full detail various evils prevailing in the society and explained methods to remain away from these. During his speech, he said that since only God's realization can keep an individual away from ill deeds, so always remember God. In the programme, about 70 students, research scholars and staff members of the Department participated. At the end, during the valedictory function, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme.

Earth Day
(April 22,2016)
Brief Report

Earth day was celebrated in the Department of Botany, BGSB University, Rajouri, in which the staff, students and the research scholars of the Department participated. A poster making competition was also organized in the Department. The participating students made posters reflecting the significance of clean and green earth and the judicious use of the resources derived from the earth. **Earth Day** is an annual event celebrated around the world as well as in the BGSB University on April 22 to demonstrate support for environmental protection. First celebrated in 1970, it now includes events coordinated globally by the Earth Day Network in more than 193 countries.

Extempore on "Significance of Nature and Simple Living"

May 7, 2016

Keeping in view the importance of preserving nature, the Department of English, BGSB University, Rajouri, organized an extempore on the topic, "Significance of nature and Simple Living." The event was organized in the memory of great Poet Rabindranath Tagore, the noble prize winner. Students were apprised about the contribution of Tagore towards literature and in making people aware about the significance of nature by Head, Department of English. Students were told about Shantiniketan. Contrasting to the problems that modern way of life has thrust upon man, the idea and significance of simple living was highlighted. Students from both the semesters expressed their opinions on the given title. The programme ended with prize distribution among the winners.

World environment day
(June 05, 2016)
Brief Report

World environment day was celebrated in the Department of Botany. **World Environment Day (WED)** is celebrated on the 5th of June every year, and is the United Nation's principal vehicle for encouraging awareness and action for the protection of our environment. First held in 1974, it has been a flagship campaign for raising awareness on emerging from environmental issues to marine pollution, human overpopulation, and global warming, to sustainable consumption and wildlife crime. World Environment Day has grown to become a global platform for public outreach, with participation from over 143 countries annually. Each year, WED has a new theme that major corporations, NGOs, communities, governments and all celebrities worldwide adopt to advocate environmental causes. This years' World Environment Day theme is ""Seven Billion Dreams. One Planet. Consume with Care"". The theme has been a flagship campaign for raising awareness on emerging environmental issues from marine pollution, human overpopulation, and global warming, to sustainable consumption and wildlife crime. In this connection slogan writing competition was organized in the Department of Botany of the BGSB University.

Teachers' Day
(September 05, 2016)
Report

Honoring the importance of a teacher in shaping the right thinking in young boys and girls, Department of Mathematical Sciences, BGSBU Rajouri, celebrated "TEACHERS DAY" with the theme "Role of a Teacher in shaping Young Minds" on September 05, 2016. The programme begin by a welcome address by HOD, Dr. Zaheer Abbas, in which he highlighted the responsibilities of a teacher in the construction of right thinking process in young boys and girls who are future of a family, in particular, and nation in general. Speaking on the occasion, Prof. Koul, Dean Academic Affairs, said that any person who claims himself a teacher, should be able to work selflessly for the cause of students. He added, it is the teacher who actually teaches an individual "how to think" in a given situation; it is the teacher who makes an individual able to manage the problems and avail the opportunities. Registrar of the university, Jenab Attat Hussain, also spoke on the occasion and appreciated the efforts of the department for organising such events. Later on, some students such as Nusrat, Meenaksi, Sakshi, Vaishali, Mehak Maroof, Rozina Tabinda,, Shazia etc, and some teachers such as Dr. Javid Iqbal, Mrs. Sharuti presented their views on the theme, acknowledged and spoke in favor of the theme with full conviction. About 70 students, research scholars and teaching and non – teaching staff members of the Department were present during the course of the event. During the valedictory function some gifts were presented to the speakers as a token of love.

World Peace Day
(September 21, 2016)
Report

Keeping alive the tradition of raising moral values of the students through various programmes, on September 21, 2016, Department of Mathematical Sciences BGSBU, Rajouri, celebrated World Peace Day. The programme was intended to develop a sense of appreciation among the students for the existence of peace for their development, in particular, and society in general. The programme began with an address by the Head of the Department, in which he emphasizes the need of peace and harmony in the society especially in the present era where intolerance is increasing exponentially. Afterwards, the invited speakers Dr. Qamar Khan (Department Computer Sciences) and Dr. Mohd Saleem Wani (Govt. Post Graduate College Rajouri) spoke at length on the importance of peace in the society and drew the attention of the audience towards religious emphasis on maintaining peace. They highlighted various examples from the history where civilizations progresses in leaps and bounds only because peaceful environment was around. The speakers also addressed the queries of the audience with high intelligence and were appreciated by the audience while taking verbal feed back during the valedictory function.

Save Electricity, Save Future
(November 28, 2016)
Report

In order to make aware and developing a sense of a saving electricity and hence a responsible citizen, on November 28, 2016, an awareness programme on the topic "Save Electricity, Save Future" was organised by the Department of Mathematical Sciences, BGSBU Rajouri. The programme began with a welcome address by the Head of the Department, in which he highlighted the need of such activities. He said that to become a responsible citizen, it is our duty to not waste electricity in any form. He added, if we do not use electricity economically, we may face very dangerous consequences in future. During the programme, some students such as Irfan, Tanika, Surbhi, Sadaf etc and some teachers such as Dr. Javid Iqbal, Mrs. Sharuti, performed different activities like skit, oral speech, chart presentation etc., highlighting the importance of saving the electricity and tricks to save it. During the valedictory function verbal feedback was taken from the audience, which was really encouraging and certified the success of the programme.

National Pollution Control day

(December 02, 2016)

Brief Report

The National Pollution Control Day was observed on 2 December 2016 in Department of Botany, BGSB University with an aim to make aware the students about the need of Pollution Control Acts. Pollution is a major problem that India is not only facing, but the whole world is battling with it. It is also known as environmental pollution. We can define pollution as the addition of any substance, whether solid, liquid or gas or any form of energy like heat, sound etc. to the environment. To make people aware about the effects of pollution, problems that people are facing because of it, National Pollution Control Day is observed every year on 2nd December. It is observed in the memory of those who have lost their lives in the Bhopal Gas tragedy on 2nd December, 1984. There are many factors that are responsible for causing pollution like bursting of crackers, vehicles running on the roads, bomb blast, leakage of gases via industries, etc. Nowadays problem of pollution is increasing day by day and it is the duty of the respective Government and also people to reduce the level of pollution. The programme witnessed the participation of Faculty, research scholars and students of the Department. Dr Susheel Verma, Head, Department of Botany highlighted the role of Union Government for charting out various laws, rules and acts for the prevention and control of pollution.

Quit Smoking
(February 06, 2017)
Report

Keeping alive the tradition of educating our students about the evils prevailing in the Society, an awareness programme on the topic "Quit Smoking" was organized by the Department of Mathematical Sciences, BGSBU Rajouri, on February 06, 2017, in which about 100 students, research scholars and teaching and non – teaching staff members of the Department participated. The aim of the programme was to educate our students, in particular, and the audience in general about the adverse effects of smoking, both physically and spiritually, on an individual and the society. As usual, the programme began with a welcome address by the Head of the Department, Dr. Zaheer Abbas. Speaking on the occasion, he said that smoking is such a bad habit which ruins one's life both physically and spiritually. In general, a smoker can not be a good husband, good father etc., and in general a good citizen, because of the adverse effects of the smoking on his health. He added that smoking is not considered as a good habit in any religious thought. Later on some students such as Sakshi, Riyaz, Mehak etc and some teachers also spoke against the smoking habit with full conviction. Some students also explained the methods of quitting smoking. At the end of the programme, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme.

International Day of forests

(March 21, 2017)

Brief Report

The Department of Botany, BGSB University observed 21. March 2017 as International Day of Forests with the theme "Forests and Energy". During the occasion, the faculty members, Research scholars, and the students raised awareness of the importance of all types of forests. On International Day of Forests, Dr. Shreekar Pant (Sr. Assistant Professor) encouraged the participants to undertake local, national and international efforts to organize activities involving conservation of forests and trees. The research scholars of the Department planted saplings of many economically important native plants of the region. Such initiatives taken up by the institute of Higher learning inspire others to follow the same which contribute to better environment and ecosystem.

**Violence against Women and Children
(April 1, 2017)
Report**

Violence against women and children is something which is a routine in today's life. So it becomes our duty to educate our students about various kinds of violence against women and children and the measures to fight against them. In this direction, the Department of Mathematical Sciences, BGSBU Rajouri, organized an event under the banner "Violence against Women and Children" on April 01, 2017, in which about 100 students, research scholars and teaching and non - teaching staff members of the Department took part in one or the other capacity. The programme began with a welcome address by the Head of the Department in which he said that this programme is intended to make aware our students, in particular girls, about various kinds of violence against women and children and at the same time letting them to know various measures to handle them. Afterwards, the key speaker, Romina Rashid spoke on the occasion and discussed in full length about various kinds of violence that a women or a child faces in our society. She also explained the rights of a women as well as a child that they can use in case any one of them suffers through a violence. She further used religious teachings to motivate the students for not doing any kind of violence, especially against women and children. She also said, we should talk to our young kids daily and keep an eye on them so that they may not suffer. Later on some students such as Deepika, Adnan etc, and some teachers such as Dr. Javid Iqbal, also presented their views and endorsed the views of Dr. Romina Rashid with full conviction and force. At the end of the programme, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme.

**Report of Plantation Drive
On 6th of June, 2017**

The Dept. of English organized a plantation drive on **6th of June, 2017** to mark the world Environment Day. The day began with the planting of trees by faculty and scholars of the Dept. in the University Campus. A lecture on "Clean India, Green India" was delivered by Dr. Romina Rashid in the dept. in which she focused on the importance of planting and protecting trees for a better and healthy life and a secure future for coming generations. She said that the World Environment Day has grown to become a global platform for public out- reach, with a large participation across the whole world. The protection and improvement of human environment is a major issue which impacts the well being of people's economic development throughout the world, she asked the students and faculty to think of all the possible ways to reduce the environment pollution. The head of the department and the faculty members planted saplings also.

Teacher's Day Celebration

On 5th of September 2017, students of Dept of English organized and celebrated Teacher's Day.

On this eve, a play was performed by the students of dept. which focused on the role of teacher in student's life. Many students played roles of famous personalities like APJ Abdul Kalam, Jawaharlal Nehru and so on. Some students also recited poems for their favorite teachers.

Speaking on the occasion, the head of the department appreciated the students for organizing this programme to show reverence and love towards their teachers. The whole event focused on teacher-student relationship.

Distribution of Sweets among Orphans and Poor Children

The visit of Naari Niketan on 20th of Sept 2017 moved the students and they decided to distribute sweets among orphans the following day (21/09/17). So, on request of students, teachers and scholars of dept. of English accompanied the students of 3rd semester to the Orphanage and Nari Niketan to distribute sweets among the poor children. Every student, scholar and teacher participated and contributed for the cause. The students could comprehend the problems faced by poor children to pursue their studies. Speaking on the occasion, the head of the department said that such programmes help in the social out- reach where students can practically see the plights of the weaker sections that they read in their theory books.

Peace Day
(September 21, 2017)
Report

History is witness to the fact that a society with out the presence of peaceful environment can never progress. In order to convince our students to accept this fact with full conviction, Department of Mathematical Sciences BGSBU, Rajouri, organized an awareness programme on the Peace Day - September 21, 2017. The programme commenced with an address by the Head of the Department, Dr. Zaheer Abbas, full of knowledge and motivation. The summary of his speech was "with Peace around you can do wonders and without the presence of peace around you can do nothing". Afterwards, the Key speakers Dr. Shams Kamal Anjum (Department of Arabic) and Dr. Mohd Saleem Wani (PG College Rajouri) spoke at length on the role of peace in the development of the Society. They used many well known examples from the history and religious books, to establish the fact that peace plays a vital role in the development of a society. They gave a simple formula - avoid problems and avail opportunities - to live in peace at individual level at least. The speakers addressed the queries of the audience with high intelligence and were appreciated by the audience while taking verbal feed back during the valedictory function.

Student-scholar Seminar on Gandhi Jayanti

October 02, 2017

The Department of English organized a seminar on "Relevance of Gandhian philosophy in today's world" where students presented their views. The students threw light on the relevance of Gandhian philosophy of truth and non- violence in the present times. As a freedom fighter, as a philosopher, as a moralist, as a spiritualist and above all as practitioner of truth, Mahatma is relevant not only for today but for tomorrow as well. Speaking on the occasion, Dr. Romina Rashid, Head, Department of English said that the department has provided a common platform to scholars and students where they reviewed the teachings of Gandhi in modern context. The main purpose of this seminar was to raise awareness of Gandhian ideals, to encourage students to think about Gandhian issues and values, and to encourage innovation in producing solutions to problems such as poor healthcare, education access and violence in society. The seminar was organized by Dr. Mariya Aslam, Assistant Professor, Department of English and Dr. Shachi Sood, Assistant Professor, Department of English.

Youth Awareness
(October 18, 2017)

Brief Report

It is a tradition of the Department of Mathematical Sciences, BGSBU Rajouri, to keep aware the boys and girls of the Department about the social evils and opportunities that are around in the society. Keeping this tradition alive, on October 18, 2017 an awareness programme was organized by the Department of Mathematical Sciences, BGSBU Rajouri, in which about 100 students, research scholars and staff members of the Department took part in one or the other way. The main aim of the programme was to highlight the importance of inculcating good moral values in the students so that they can serve the society better. The programme was initiated with a wonderful welcome address by the Head of the Department, Dr. Zaheer Abbas, in which he stressed upon the positive thinking and highlighted numerous advantageous of it. Later, during the programme the key speaker, Dr. Gulshan Bhat (GDC Rajouri), discussed at its fullest the extreme importance of keeping one self's away from the social evils like drugs, excessive use of any thing, in particular mobile etc. He quoted a verse from a holy book, which goes as – With every hard ship, there lies an ease, surely there lies an ease - which means that in any given situation, there are always some opportunities which one can explore. So one must try to explore opportunities and should avoid negatives. At the end, during the valedictory function, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme.

Foundation Day Celebration

The Dept. of English celebrated the Foundation Day of the University on 15th of Dec. 2017. The event was organized by the faculty of the Dept. On the occasion, a play titled *Unity in Diversity* was performed by the students which was written by Ms. Mariya Aslam and directed by Mr. Tanvir Ahmed. Dr. Shachi Sood and Dr. S. S. Hyder organized extempore in which various students participated. Besides, many other competitions like creative writing, slogan writing and quiz competition were held in the dept. and the convener for whole event was Dr. Romina Rashid. The honorable Vice-Chancellor, Prof. Javed Musarrat congratulated the staff and the students for conducting such wonderful programme. He emphasized upon the teachers to inculcate moral values and ethics in students besides imparting them quality education.. The winners of various competitions received medals and certificates from the Honorable Vice-Chancellor.

World Wetland Day

(February 02, 2018)

Brief Report

The theme of World wetland day for 2018 is "Wetlands for a sustainable urban future". A debate competition was organized in the Department in which 59 students, research scholars and teaching and non – teaching staff members of the Department participated. The students highlighted the important role of wetlands in making cities liveable. They also spoke on the use of wetlands in reducing floods, replenishing drinking water, filter waste, provide urban green spaces, and as a source of livelihoods. The programme began with a welcome address by the Head of the Department, Dr. Susheel Verma, in which he discussed the importance of such programmes. Dr Shreekar Pant, Senior Assistant Professor, also urged the students to realize the importance and conservation of these precious water bodies for sustainable environment.

Quit Smoking
(February 08, 2018)
Report

In an effort, to educate young boys and girls, Department of Mathematical Sciences, BGSBU Rajouri, often organizes programmes on social issues. Since Smoking is a burning social issue, the department organized an enlightenment programme February 08, 2018, with the theme "Quit Smoking", in which about 120 students, research scholars and teaching and non – teaching staff members of the Department participated. As in the previous years, the aim of the programme was to make aware the students about the bad consequences of smoking. As usual, the programme began with a welcome address by the Head of the Department, Dr. Zaheer Abbas, during which he discussed in detail about the adverse effects of smoking on physical as well as on mental health of an individual. Speaking on the occasion, he highlighted various diseases which come up in an individual's life with the habit of smoking and urged other speakers to through more light on this aspect later in the proceedings. He also explained to the young boys and girls, the methods of keeping away from this evil. Later on some students such as Reenu Jan, Sartaj, Waseem, Murtaza etc and some teachers such as Dr. Javid Iqbal, Dr. Mudassir Lone, Mrs. Sharuti also spoke against the smoking habit with full conviction and power. Some of the students also discussed some ideas to quit smoking if one has already developed this habit. At the end of the programme, verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the programme.

One Day campaign on Spreading Joy
(March 08, 2018)
Report

Helping others is a wonderful feeling that one experiences in his or her life and is also very much liked by God. To inculcate such feeling in the young boys and girls, Department of Mathematical Sciences, BGSBU Rajouri, organized a "One Day campaign on Spreading Joy" on March 08, 2018, in which around 25 students, research scholars, teaching/ non-teaching staff members of the department participated in one way or the other way. In his welcome address, Head of the Department, stressed upon the need of helping others by referring some verses from the Holy books. He said, whatever God has given to an individual, he/she should share with those who do not have. He added, that whatever you have more, than you requirement, is for those who have less than their need. He further said when a person shares his/her values (spiritual/ physical) with others, the creator of the universe-God-becomes happy and gives more. Later on, a visit was made to jhula-bridge, Rajouri, where some clothes and eatables were distributed among the poor. During the valedictory function verbal feedback was taken from the accompanying participants, which was really encouraging and certified the success of the campaign.

Violence against Women and Children
(April 10, 2018)
Brief Report

To raise moral values in our students on one hand and making them aware of measures to manage violence against them, on the other hand, Department of Mathematical Sciences, BGSBU Rajouri, organized an awareness programme on the topic "Violence against Women and Children" on April 10, 2018, in which about 100 students, research scholars and teaching and non – teaching staff members of the Department participated. As said, the Purpose of the programme was to enlighten the gathering about the different types of violence, against women and children, prevailing in the society and methods to fight against them. The programme began with a welcome address by the Head of the Department, Dr. Zaheer Abbas, in which he discussed the importance of such programmes. Dr. Romina Rashid, Head, Department of English Department, was the Resource person who spoke on the topic at length and addressed the queries of the participants very successfully. Dr. Romina Rashid educated the students to respect each human being, in particular women, by highlighting teachings of Holy books. During the valedictory function verbal feedback was taken from the participants, which was really encouraging and hence certified the success of the program.

Lecture on "Drug Addiction" (11th of April, 2018)

A programme on Drug Addiction was organized by Department of English in which the key note lecture was delivered by Prof. G. M. Malik, Dean, School of Languages and Islamic Studies. The purpose of the discussion was to understand the seriousness of drug addiction. He said that the notion that drug addiction is a brain disease has become axiomatic. Recent research shows that drug abuse alters cognitive activities such as decision-making and inhibition, likely setting the stage for addiction and relapse. Drug addiction has become a worldwide problem, especially in teenagers. Many young people become dependent on different type substances and stimulating medicines that comes hand-in-hand with narcotic effect. The life of addicts becomes spoiled in all aspects, as they lose contact with their family and live in a different world. They spend lots of money on drugs, and then look for ways to earn money illegally. If we compare the health problems, there are many dangerous effects of drugs. He advised the students that finding an easy fix often seems easier than facing the real problem and dealing with it. Trying illegal drugs can lead to addiction and becomes a long term habit. Thanking Prof. Malik for his motivating lecture , the head department of English reiterated upon the students to stay away from drugs .

Earth Day
(April 22, 2018)
Brief Report

Earth Day was celebrated on April 22, 2018 with the theme on 'End Plastic Pollution'. A lecture was delivered by Dr Susheel Verma, Head, Department of Botany on the significance of Earth Day. He deliberated that it's a day of political action and civic participation towards preserving the planet is mandatory for the conservation of earth. The programme witnessed the participation of Students, Scholars and faculty of the Department. Dr Shreekar Pant, Senior Assistant Professor, also highlighted the importance of ruling out of plastics from our life so that its menace can be avoided. Students also exchanged their ideas and took a pledge to minimize the use of plastics in their day to day life and thus contributing for the healthy environment.

World environment day

(June 05, 2018)

Brief Report

The World environment day was observed on June 05, 2018 under the theme "Beat Plastic Pollution", in Department of Botany, BGSB University with an aim to make aware the students about the need of various environmental problems and mitigations for well being of our environment. One day seminar was organized in the Department to give awareness for everyone to take ownership of their environment and to actively engage in the protection of our earth. The event was organized by the Research scholars of the Department. Mr. Sajid Khan urged communities and individuals to come together and explore sustainable alternatives and urgently reduce the production and excessive use of single-use plastic which poses serious damage to aquatic life and threatens human health. The participating students expressed their concern for protecting the environment. The programme witnessed the participation of Faculty, research scholars and students of the Department. Dr Susheel Verma, Head, Department of Botany expressed his concern over correlation of life with the environment.
