## Vice Chancellor's Message

On August 15, 1947, we became a free nation. It was the culmination of a dream seen by our forefathers and freedom fighters. A nation set free some 75 years ago, has grown up as a strong and dynamic nation after traversing a long trail in hail and sun. The establishment of world's largest democracy and strengthening of those democratic values has been one of India's greatest achievements over the last seven and a half decades. Strong democratic institutions, economic empowerment, political enlightenment and social transformation have contributed to what India is today. India of 2021 is a country that has a global outlook and global aspirations.

As we celebrate the 75 glorious years of India's independence, Azadi ka Amrit Mahotsav is an initiative of the Government of India to celebrate and commemorate 75 years of India's Independence and its glorious history, people, culture and achievements.
