Dear Students

As we bid farewell to another academic year, I want to take a moment to extend my warmest wishes to each one of you as you embark on your next journey of life. I'm especially pleased that our final year students have been able to complete their graduation properly, creating beautiful memories as they board on their new careers. Whether you're a first-year student just beginning your journey and going for a much awaited summer break or a passing out student preparing to step into the next phase of your lives, I am immensely proud of all that you have accomplished.

To have completed your degree and be able to call yourself a BGSBU'ian is an incredible accomplishment in itself. During your years at BGSBU, we have tried our best to equip with the skills and determination to contribute in nation building. I am hopeful that with your extraordinary resilience and compassion you will make a real difference in the world and make us proud. Looking ahead, we intend to create stronger bonds between our alumni and the university.

The first year students who will be proceeding on summer vacations, I urge you to take full advantage of this time in rejuvenation and reflection. Engage yourself in activities that bring joy and fulfillment. I would like to urge you to spend some days immersing yourselves in the serene beauty and unique culture of your native or nearby villages. Talk to the rural people, listen to their experiences, feel their moments of life and try to find out ways and means through which you can create a difference in their lives towards the accomplishment of Atmanirbhar Bharat. You may send me your experiences and suggestions of your stay in a village [@vc@bgsbu.ac.in](mailto:vc@bgsbu.ac.in).

Finally, I want to express my gratitude to each of you for being part of our university community. Your presence enriches our campus in countless ways. In past three years together we have taken many initiatives towards achieving greater inclusivity, equity and diversity in our campus. With your passion and creativity, I am hopeful that together we will take this University to the zenith of success.

I wish you every success.
