Report on Capacity Enhancement

The department of Electronics and Communication Engineering has taken up the initiative of Capacity Enhancement to enrich the skills of ECE students under auspices of capacity building. The department works on the motto of providing skills to the disadvantaged students so as to increase their scope of job attainability and prospects,

The various initiative from departmental side are;

1. GATE coaching.
2. Remedial Coaching.
3. Human Values and Professional Ethics.
4. Quantitative Aptitude and Skills.

The faculty of department provide these skills to the students as a part of their Mission and Vision so that it can enrich their knowledge domain and provide impetus to face competitive environment. The commitment of faculty can be gauged from the fact that in addition to normal curriculum faculty devote their extra time on successful completion of mentioned initiatives. The GATE coaching parameter is further enriched from 2018-19 session by the involvement of external agency who have expertise in providing GATE competitive coaching at national level. The expenditure for which is borne by TEQIP-III project. The initiatives provided by department does not bear any financial implications on students.

Subject: - Soft Skill Training and Career Counselling Sessions for the final and pre -final year students.

Sir,

This is to bring to your kind notice that the Placement session is about to start in few weeks. In order to prepare the students for the forthcoming placement and internship interviews, we need to train them in Soft Skills and provide them Career Counselling. The Training and Placement Cell shall be conducting Soft Skills training / Career Counselling sessions for the final and pre-final year students of your respective department. The sessions shall start on 18-09-2017 from 4.00 PM at the University conference hall at MCA Block. There would be a 2.00 hrs session on each day for 5 days till 22-09-2017. Following topics shall be covered in these 05 days;

1. Fields and Opportunities available.
2. Resume Writing.
3. Attire and Body language.
4. Frequently asked questions in interviews.
5. Group discussion.
6. Mock interviews.

In this regard it is requested that all the final and pre -final year students of your respective department may be informed and no other academic assignment be given to the students for the timings mentioned above.

Thanking You

Yours faithfully

Description regarding Language Lab

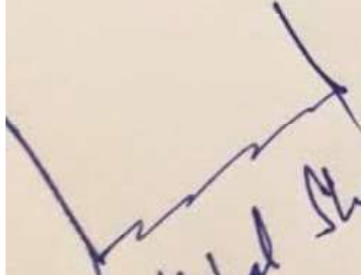

The College of Engineering & Technology was established in 2007 initially with the following three branches

- I. Computer Sciences Engineering
- II. Information & Technology Engineering
- III. Electronics & Communication Engineering.

In 2008, we started one more branch i.e Civil Engineering and in 2009, we started another branch i.e Electrical & Renewable Energy Engineering. Initially we started a curriculum from 2007 to 2011. We have a separate component in form of language lab. As per the latest guidelines of AICTE, one of the essential programme outcomes for every B-tech programme is good communication skills. Communication skills make the Engineering students proficient and also make them to express effectively on complex Engineering activities with the Engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations and give and receive clear instructions.

We have two state of art virtual class rooms and we make use of virtual class rooms for language labs by installing open source English language softwares.

Two Day Workshop on Meditation- 'De-Stress with Meditation'

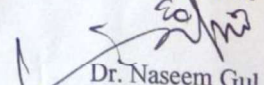

The School of Islamic Studies, BGSB, University organized a two day workshop on the theme 'De-Stress with Meditation' on March 14-15th, 2018. The workshop was attended by participants from the departments of Arabic, Islamic Studies and Urdu. The workshop was presided over by Dr. Shams Kamal Anjum, Head Arabic, Islamic Studies and Urdu. The proceedings were moderated by Dr. Naseem Gul, Assistant Professor, Islamic Studies. The workshop aimed to aware the participants about the benefits of meditation to counter the pangs of stress.

In his inaugural address Dr. Shams enumerated the causes and consequences of stress and the working of meditation in lowering down the rates of stress. He emphasized on the spiritual practices and prayers. Dr. Rafiq Anjum, Assistant Professor, Islamic Studies discussed the theme from the perspective of medical science, prescribing some techniques to win over the stress. He urged the participants to make use of the mobile phones and the similar gadgets judiciously and not as addiction for living a balanced life.

Dr. Mushtaq Ahmed Wani, Assistant Professor, Urdu, saw the negative effects of social media and the race for competition as the underlying cause of stress. He emphasized on cultivating positive thoughts to prevent the stress from harming ones inner and outer peace. Dr. Naseem Gul, Assistant Professor, Islamic Studies talked about various Western philosophical ideologies about meditation and argued that Islamic spiritual practices may prove more useful than the tools applied so far. He emphasized on observing the codes of spirituality, morality preached by Islam to overcome the pain of stress.

The workshop ended with the vote of thanks presented by Mr. Bilal Ahmad Khanday, Assistant Professor, Islamic Studies to the speakers and the participants. He optimized that such workshops should continue in the future too. Before dispersing from the venue, all the participants practiced some of the meditation practices to use them for daily basis. The workshop was successful indeed.
